The Latest and Most Improved Discovery of the Nineteenth Century.

No man's name is more intimately connected with the history of Matoria Medica in the United States or more favorably known as a pioneer in medical discovery than that of Dr. John Bull, of Louisville, Ky. His inimitable preparation of SARSAPARILLA has long stood at the head of the various compounds of that valuable drug.

His Computed by Wild Cherry has become a household word throughout the West and outh.

His Worm Lozence, in less than a year after their introduction, attained a reputation as wide spread as the continent of North America. But the crowning glory of his life remains to be attained in his Laters of discovery, or rather combination, for he does not claim to be the discoverer of OED-RON, which is the basis of the BITFERS now offered to the public. That honor belongs to the native inhabitants of CEN-FRAL AMERICA, to whom its virtues have been known: TRAL AMERICA, to whom its virtues have been known for more than two hundred years. Armod with it the Indian bids negrance to the Most Deadlet Makaria, and handles without fear the most venomous serpents. It is a belief with them that as long as there is breath in the body the CEDRON is potent to cure, no mattor what the disease may be. While DR. BULL is not prepared to endorse this extravagant pre-tension, he is nevertheless satisfied f om a thorough examination of the swidness relating to its virtues, that as a remedy and preventive for all diseases arising from exposure, either to changes of weather and climate or to the missmatic influence, it STANDS WITHOUT A RIVAL, and justly deserves the reputation it has so long enjoyed in Central America and the West Indies.

IN DYSPEPSIA and its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in IN DYSPEPSIA and its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in the range of Materia Medica that can for a moment hear a comparison with it is this disease.

A FULL account of this wonderful plant may be found in the lith edition of the U.S. Dispensatory, on pages 1387 and 1388.

A series of experiments in which Dr. BULL has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public a combination of CEDRON with other approved tonics, the whole preserved in the best quality of copple a distributed Bouthon Whisky, which he is confident has NO EQUAL IN THE WORLD.

He might furnish a volume of certificates, but the public have long since learned to estimate such things at their true yalue. The safest plan is for every one to test for himself the ilun. The safest plan is for every one to test for himself the

Give the Cedron Bitters one Trial, And you WILL NEVER use any others. It is not necessary to publish a long list of diseases of which the CEDRON BITTERS are a specific. In ALL diseases of the STOMACH, BOWELS, LIVER, OR KIDNEYS; IN ALL AFFECTIONS OF THE BRAIN, depending upon derangement of the Stamach and bowels; in GOUT, RHEUMATISM AND NEURALGIA, and in FEVER AND
AGUE. It is destined to supercede att others. It not only
cures att these diseases but prevents them.
A wineglassful of the Bitters taken an hour before each
meal will obviate the bad effect of the most unhealthy elimats, and screen the person taking it against diseases, under
the most twing exposure. Sold Retail by Grocers and Druggists
